## 1 What is the CARE Act?

CARE stands for Community Assistance, Recovery, and Empowerment. The CARE Act allows specific people, called *petitioners*, to ask for court-ordered treatment, services, support, and a housing plan for people, called *respondents*. A respondent must be at least 18 years old, have a schizophrenia spectrum or other psychotic disorder, and meet several other requirements.

The CARE process uses evaluations and court hearings to figure out whether the respondent is eligible for services. A county behavioral health agency may contact the respondent as part of the process. If the respondent is eligible, a CARE agreement or plan for services may be created. If the court approves, it will order the CARE agreement or plan.

## 2 What is a CARE agreement or CARE plan?

A CARE agreement and a CARE plan are written documents that describe services to support the recovery and stability of the respondent. They must be approved by court order. Services may include clinical behavioral health care; counseling; specialized psychotherapy, programs, and treatments; stabilization medications; a housing plan; and other supports and services provided directly and indirectly by local government. The agreement or plan cannot give anyone the right to use force to medicate the respondent.

A CARE agreement is a voluntary agreement for services and treatment between the respondent and the county behavioral health agency after a court has found that the respondent is eligible for the CARE program. For the agreement to be valid, the court must approve it. The court can change the agreement before approving it.

A CARE plan is a set of community-based services and supports for the respondent that is ordered by the court if the respondent and the county cannot reach a CARE agreement.

## 3 Have you thought about ways to help other than CARE Act proceedings?

There may be other ways to help a person with a serious mental illness. If the person has private health insurance, contact their health plan/insurer. If you do not know if the person has private health insurance or if they do not have private insurance, contact your county's behavioral health agency or check its website. County behavioral health agencies offer many services. These include services like counseling, therapy, and medication and can also include programs like full-service partnerships, rehabilitative mental health services, peer support services, intensive case management, crisis services, residential care, substance use disorder treatment, assertive community treatment, and supportive housing. Counties are required to provide services to Medi-Cal beneficiaries who qualify for specialty mental health and substance use disorder services. They are also allowed to provide their services to people who do not receive Medi-Cal, depending on local funding and eligibility standards. These services do not require a court order.

A *full-service partnership* is a program for a person with a serious mental illness who would benefit from intensive services. A full-service partnership can help a person who is homeless, involved with the justice system, or uses crisis psychiatric care frequently. *Assertive community treatment* is a form of mental health care provided in a community setting to help a person become independent and live as part of the community as they recover.

Find out if the person has made an advance health care directive or psychiatric advance directive. These written documents name someone else to make health care decisions for a person when that person cannot. If the person has a directive, you can contact the person named in it to ask for their help. Think about looking into local social services and community-based programs too.

**Item 2: Relationship to the Respondent**

Enter the respondent's name in item 2a. Describe your relationship with the respondent in item 2b. If you are a petitioner from a hospital, a public or charitable agency, a licensed behavioral health professional who has been treating or supervising the respondent, or a first responder, state how many times you have interacted with the respondent, give the date of the most recent interaction, and describe the nature and outcome of each interaction in item 2c.

**Item 3: Respondent's Address or Last Known Location**

If you know where the respondent lives, enter the address in item 3. If you do not know the respondent's address, or if they do not have one, state that the address is unknown and give the respondent's last known location and any other information, such as a phone number or email address, that might help to locate the respondent.

**Item 4: The Right Court and County**

In item 4, show why the county where you are filing the petition is the right place to file. You can file a petition only in the county where the respondent lives, where the respondent is currently present, or where the respondent is facing a legal case. Check all options that apply. If the person does not live in the county, it helps to state where they live, if you know.

You must state facts and provide information that support your claim that the respondent is eligible for the CARE Act process. All of the following requirements, which are listed in item 5a–5g on form CARE-100, must be met for a respondent to be eligible. **Note:** Include in the petition as much information as you have about each item listed above. You may also attach any documents you have that support one or more of those items.

**Item 6: Required Documentation**

You must attach supporting documentation to the petition. That documentation must include one of two things:

- a. A completed declaration by a licensed behavioral health professional on *Mental Health Declaration—CARE Act Proceedings* (form CARE-101); **OR**
- b. Evidence that the respondent was detained for a minimum of two intensive treatments, the most recent one within the last 60 days.

For example, this evidence could include copies of certification for intensive treatment, a declaration from a witness to the intensive treatment, or other documents showing that the respondent was detained twice for up to 14 days of intensive treatment. Evidence should include the dates of the last treatment period.

**Note:** For purposes of the CARE Act, “intensive treatment” only includes involuntary treatment authorized by Welfare and Institutions Code section 5250. It does *not* refer to treatment authorized by any other statute, including but not limited to 72-hour holds under Welfare and Institutions Code section 5150 or treatments under Welfare and Institutions Code sections 5260 and 5270.15.

## Item 7: Other Proceedings

If the respondent has another court case, information about that case could be helpful to your CARE Act petition. Complete item 7 if you know any of the requested information.

- If you are filing a petition in response to a referral from another court proceeding, fill out item 7a. Give the name of the referring court and the case number, department, and type of case, if you know. If you have a copy of the referral order, label it “Attachment 7a” and attach it to the petition.
- If the respondent is within a juvenile court’s jurisdiction as a dependent, ward, or nonminor dependent, fill out item 7b. Give the court name, the case number, and contact information for the respondent’s juvenile court attorney.
- If the respondent has a conservator, fill out item 7c. Give the court name, the case number, and contact information for the respondent’s conservatorship attorney.

**Note:** If you don’t know the information requested in part of item 7, leave that part blank. The petition will be processed even if you do not complete item 7.

## Item 8: Tribal Enrollment or Services From an American Indian Health Care Provider

If you know that the respondent is a member of a federally recognized Indian tribe or is receiving services from California Indian health care provider, tribal court, or tribal organization, include that information in item 8.

**Note:** The petition will be processed even if you do not complete item 8.

## Item 9: Helpful Information

In item 9, check any of the boxes that apply to the respondent and provide any requested information that you know.

**Note:** The petition will be processed even if you do not complete item 9.

## Item 10: Attachments

In item 10, list the total number of pages attached to the petition.

**Signature:** You must write the date, print your name, and *sign the petition under penalty of perjury*. That means that if you have stated anything that you know is not true on the form, you may be criminally liable. If you have an attorney helping you, they will sign as well.

## 5 Is service of process required?

No. To begin CARE Act proceedings, you do not need to provide anyone with a copy of the petition except the court.

## 6 What will happen after I file the petition?

After you file a petition, the court will review it and any supporting documents filed with it. The court will decide if the documents show that the respondent meets or might meet the CARE eligibility requirements. Then the court will either:

- a. **Dismiss the petition** if it finds (1) that the petition does not show that the respondent meets or may meet the CARE Act eligibility requirements *or* (2) that the respondent is voluntarily working with the county agency, their engagement is effective, and the respondent has enrolled or is likely to enroll in voluntary treatment through the county or another provider. **OR**
- b. **Order a report** if it finds that the petition does show that the respondent meets or may meet the CARE Act eligibility requirements. The court will order a county agency to engage the respondent and file a written report with the court within 14 business days. The county will notify you and the respondent that the court ordered the report.

**Note:** The procedures are different if the county behavioral health agency is the petitioner.

**7 The initial appearance**

If the court finds that the county agency's report supports the petition's showing that the respondent meets or may meet the CARE Act eligibility requirements and the county's engagement with the respondent was not effective, the court will set an *initial appearance*. The court will also order the county to give notice of the initial appearance to you, as well as to the respondent, the respondent's appointed counsel, and the county behavioral health agency.

You, the petitioner, must be present at the initial appearance, or the court may dismiss the petition. You will receive a notice in the mail of the date, time, and place of the initial appearance.

**Note:** At the initial appearance, the director of the county behavioral health agency, or the director's designee, will replace you as the petitioner.

**8 Do petitioners have any rights?**

You have the right to go to the hearing on the merits and make a statement. If you live with the respondent, are the respondent's spouse or domestic partner, parent, sibling, child, or grandparent, or are someone who has authority to act as the respondent's parent, then the court may choose to give you ongoing rights to receive notice. And if the respondent agrees, the court may also allow you to participate in the rest of the CARE Act proceedings.

If you are a petitioner not listed above, the court cannot give you other ongoing rights.

If the petition is dismissed and later the respondent's situation changes, you may file a new petition with the court.

**9 What is a vexatious litigant?**

A *vexatious litigant* is a person whom a court has found to have used the court process to harm or annoy other people by repeatedly suing them or filing other papers against them without a good reason.

A CARE Act court may find that a person is a vexatious litigant if that person files more than one CARE Act petition that is not true or is intended to disturb, harm, or annoy the respondent. Once declared a vexatious litigant, a person may be placed on a vexatious litigants list kept by the Judicial Council. The court may enter an order that prevents a vexatious litigant from filing any new litigation, including other types of cases (not just CARE Act petitions), without first getting permission from the trial court presiding judge. If such an order is issued, the court may fine a person who does not follow the order or send them to jail for contempt of court.

**10 What if I don't speak English?**

When you file your papers, ask the clerk if a court interpreter is available. You can also use *Request for Interpreter (Civil)* (form [INT-300](#)) or a local court form or website to request an interpreter. For more information about court interpreters, go to <https://selfhelp.courts.ca.gov/request-interpreter>.

**11 What if I have a disability?**

If you have a disability and need an accommodation while you are at court, you can use *Disability Accommodation Request* (form [MC-410](#)) to make your request. You can also ask the ADA Coordinator in your court for help. For more information, see *How to Request a Disability Accommodation for Court* (form [MC-410-INFO](#)) or go to <https://selfhelp.courts.ca.gov/jcc-form/MC-410>.
